Home of Easton**

About The Children's Home of Easton

The Children's Home of Easton, a private, nonprofit organization established in 1885, provides a caring, nurturing environment for children in need, as well as, assistance to their families. We provide a continuum of services, including group care and other family-like programs in a safe, compassionate atmosphere. We are fiscally responsible and provide long-term care through professional staff who guide, support and encourage children to believe in their own self-worth and reach their full potential.

The Children's Home of Easton is located on 41 beautiful acres in Easton, Pennsylvania (in the Lehigh Valley). The HOME is a private, non-profit agency providing both residential and community-based programs for children in need. We are unique in today's world of childcare, as we are a HOME, not an institution. Since 1885, we have provided both short term and long term care for children in need of a safe, caring environment.

Most of the children that come to the Children's Home come through no fault of their own. Many come from families dealing with overwhelming issues such as loss of jobs or housing, unsafe neighborhoods or family trauma. Regardless of the reason, the child and family are in need of additional support. Further, truancy and school problems may require the need for alternative education and placement at the Children's Home.

The Children's Home recognizes that each child who comes to us has different personal, emotional and educational needs that must be addressed in a supportive and compassionate environment. At the Children's Home, we seek out the potential in each child and work with them to discover his/her capabilities for a rewarding, successful life. Our programs provide a flexible range of options to address the long-term needs of our youth. Our individually designed programs are planned to help our children return to the community or family as responsible citizens. Children receive as much freedom as they can handle and as much guidance as they need.
